PROFESSIONAL SUMMARY

Full Stack Developer and B.Tech Computer Science graduate with hands-on experience developing scalable, responsive web applications using the MERN stack and Next.js. Skilled in React.js, Node.js, MongoDB, secure authentication with NextAuth.js, cloud media integration using ImageKit, and application deployment with Docker and Vercel. Passionate about building high-performance, user-centric web applications while writing clean, maintainable, and production-ready code.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3, C/C++ , Python
- **Frontend:** Next.js (App Router), React.js, Aceternity UI, Framer Motion, Tailwind CSS
- **Backend:** Node.js, Express.js, NextAuth.js, Resend (Email API), RESTful APIs
- **Database:** MongoDB, Mongoose
- **DevOps/Tools:** Docker, Git, GitHub, Vercel, DNS & Custom Domain Configuration, Postman, NPM, ImageKit API
- **Core Concepts:** Data Structures & Algorithms, Object-Oriented Programming (OOP), RESTful Architecture, Authentication & Authorization, API Integration, Responsive UI Design, SEO Optimization

PROFESSIONAL EXPERIENCE

Web Development & Digital Growth Intern

Bytekrave LLP | Remote

May 2026 – July 2026

- Designed and developed a responsive, mobile-first company website with a focus on performance, accessibility, and user experience.
- Implemented SEO best practices to improve website visibility and search engine ranking.

- Optimized website performance by improving page load speed and ensuring cross-browser compatibility.
- Collaborated with management to deliver brand-consistent website content and functionality.
- Performed testing, debugging, and quality assurance before production deployment.
- Contributed to the company's digital presence by supporting content publishing and online business profiles.
- Applied Generative Engine Optimization (GEO) techniques by optimizing website content, FAQs, and metadata for AI-powered search platforms.

PROJECTS

Reel Uploader (Full-Stack Video Platform)

Tech Stack: Next.js, React.js, MongoDB, NextAuth.js, ImageKit, Docker

GitHub: github.com/Amanullah-32/Reels_Pro

- Built a full-stack video sharing platform enabling authenticated users to upload, stream, and manage short-form videos.
- Implemented secure authentication and route protection using NextAuth.js.
- Integrated ImageKit for cloud storage, media optimization, and adaptive video streaming.
- Designed efficient MongoDB schemas for user profiles and video metadata.
- Containerized the application using Docker for consistent development and deployment.
- Developed a fully responsive interface using Tailwind CSS and Next.js.

Music Showcase Portfolio Website

Tech Stack: Next.js, Framer Motion, Aceternity UI, Resend API

GitHub: github.com/Amanullah-32/Music-Showcase

Live Demo : music-showcase.vercel.app

- Built an interactive music portfolio website featuring modern animations and responsive layouts.
- Created immersive UI components using Aceternity UI and Framer Motion.
- Integrated Resend API for secure server-side email functionality.
- Improved performance through Next.js Server Components and image optimization.

- Deployed the application on Vercel with environment variable management and production-ready hosting.

EDUCATION

Bachelor of Technology in Computer Science

Rajiv Gandhi Proudyogiki Vishwavidyalaya (RGPV), Bhopal, [2025]

ADDITIONAL INFORMATION

- Built and deployed full-stack applications using the MERN stack and Next.js.
- Hands-on experience with REST API development, authentication, and cloud media integration.
- Strong understanding of responsive web design, SEO, and modern JavaScript development.
- Familiar with Git-based collaborative workflows and Agile development practices.
